National Home Builder Taps Palmer Electric For Single-Family Projects

WINTER PARK, Fla., December 21, 2007 – The residential division of Palmer Electric Company has secured contracts with DeLuca Homes for two Central Florida communities, Sawgrass Bay and Bella Vista. Palmer is providing building electrical, low voltage systems and fixtures for 300 single-family homes in Phase One of Sawgrass Bay, a new community in Clermont, Fla., and 100 single-family homes at Bella Vista in Seminole.

One of the largest home builders in the nation, DeLuca Homes is a second generation, family-owned company.
