Palmer Electric Wiring New Hospice Facility

WINTER PARK, FLA., July 2, 2007 – Palmer Electric Company has secured a \$990,000 contract with Jack Jennings & Sons, Inc., general contractor, for the new Hospice of the Comforter building under construction on Montgomery Road in Altamonte Springs, Fla. The Palmer team is providing electrical contracting services that include wiring, fire alarm and communications systems for the project.

The two-story, 36,710-square-foot healthcare facility was designed by Heilman Architecture, P.A. of Altamonte Springs with KLG, LLC providing electrical engineering. Hospice of the Comforter, Inc. is the owner. Completion is planned for November of this year.
