

**FOR IMMEDIATE RELEASE**

## **Palmer Electric Wins New Condominium Project**

WINTER PARK, Fla., September 6, 2007 – The multi-family division of Palmer Electric Co. was selected by Tuskawilla Associates, Inc. to provide electrical contracting and low voltage systems for buildings 4 and 17 at Isis, a condominium project under construction in the Winter Springs Town Center, Winter Springs, Fla. Palmer's scope of services includes wiring the four-story, all-condominium Building 17 as well as Building 4, consisting of 7,987 square feet of retail space on the ground level, and three floors of condominiums. The two buildings will house 47 units of one-, two-, and three-bedroom floor plans ranging in size from 704 square feet to 1,413 square feet. January 2008 is the planned completion date.

The Housing Studio, a Charlotte, S.C.-based architectural firm, designed the condominiums. Electrical engineering was provided by Jordan Skala Engineers, Inc. of Charlotte, S.C.
