Palmer Electric Secures Two Contracts With Jack Jennings & Sons

WINTER PARK, Fla., December 13, 2007 – The commercial division of Palmer Electric Company has secured two contracts with a combined total of nearly \$2 million with general contractor Jack Jennings & Sons, Inc. for design-assist electrical contracting services for a seven-story assisted living facility and a five-level parking garage for Orlando Lutheran Tower, Inc. in Orlando, Fla.

Palmer is providing electrical wiring, lightning protection, fire alarm systems, telephone and TV cabling for the 100,000-square-foot residential tower composed of 108-units, kitchen, dining room, and administrative and common areas. The residential tower is scheduled for completion in September 2008.

Palmer provided electrical wiring, lighting, elevator and fire alarm systems for the parking garage phase of the project which was completed in November 2007.

Along with Jack Jennings & Sons, members of the Orlando-based design-assist team are Baker Barrios Architects and Ingenuity Engineering, Inc.
