

FOR IMMEDIATE RELEASE

Howard Promotion at Palmer Electric

WINTER PARK, Fla., January 7, 2008 – Palmer Electric Company announced today the promotion of Ronald G. Howard, Jr. to assistant manager of the electrical contractor's service and special projects division. Howard, who joined Palmer in 1998, was promoted from project manager to his new role overseeing operations, scheduling, quality control and staffing. With 20-years of experience in electrical contracting, Howard is a graduate of Mid Florida Tech's electrical contracting program and received his Florida license as a journeyman electrician. Additionally, he graduated from the Construction Management and the Electrical Inspection programs at Valencia Community College, Orlando, Fla., and completed the Construction Management Academy at Clemson University in Clemson, S.C.
