## **Palmer Electric Snag Contracts with National Homebuilder**

WINTER PARK, Fla., April 21, 2008 – The residential division of Palmer Electric Company has added a national homebuilder to its client roster with the signing of three contracts with KB Home. Palmer is providing estimating and electrical wiring for new single- and multi-family homes in communities throughout Central Florida: Arbor Ridge a single-family home community in Apopka, single-family homes in Bella Toscana in Davenport, and two-story townhomes in The Preserve at Eagle Lake in Sanford.

“Having the opportunity to work with a national homebuilder of the caliber of KB Home is the result of outstanding performance by our residential division,” said Tom Beard, president, Palmer Electric Co.
