Palmer Electric Completes Electrical Work on Downtown, High-Rise Condo

WINTER PARK, FLA., October 5, 2006 – Palmer Electric Co., the longest continuously operating electrical contractor in Central Florida, has completed the electrical contracting for The Jackson, a nine-story, 117,000-square-foot condominium tower in downtown Orlando, Fla. The Palmer team wrapped up the wiring for the site and building as well as finish work in each of 51-units in a 16-month construction schedule.

The Orlando, Fla., based design team included architecture by Baker Barrios Architects, and engineering by TLC Engineering for Architecture.
